ANOTHER FEARFUL CALAMITY.

Terrible Earthquake on the Coast of Peru and Ecuador---Loss of 32,000 Lives and Millions of Property---Whole Cities Swept Away---Rush of A Tidal Wave---Vessels Dashed to Pieces---Loss of the United States Storeship Fredonia, with all on Board---The Wateree Beached---Unparalleled Destruction of Life and Property.

NEW YORK, Sept. 13.—The Guiding Star, from Aspinwall yesterday, brings the following:

On the 13th ultimo a terrible earthquake visited the cities along the coast of Peru and Ecuador, whereby thirty-two thousand lives were lost and property valued at three hundred millions of dollars destroyed.—Rumbling sounds preceded the earthquake; the sea was terribly agitated and flooded the land for a great distance. Arequipa, a city of thirty-five thousand inhabitants, was washed away, and scarcely a vestige remains. Only four hundred lives were lost here. Arica, a town of twelve thousand inhabitants, was also destroyed, leaving not a house standing. Five hundred perished here. The tidal wave, which was forty feet high, rolled with a terrific roar on shore, carrying ships further on land than ever before known.

The United States storeship Fredonia was capsized, and all on board lost. The Fredonia had one million eight hundred thousand dollars' worth of naval stores. The vessel was rolled over and smashed to atoms. The United States steamer Wateree was carried half a mile inland, and left high and dry. Only one sailor was drowned. Owing to the great distance she was carried, she never can get afloat again.

The Peruvian corvette American was also carried ashore. Thirty-three drowned from her. The American merchantman Rosa Rivera, the English ship Chancellor, and the French bark Eduardo were also lost.—The towns of Iquique, Mequega, Locumbia and Pisaqua were entirely destroyed. Over six hundred perished at Iquique. The American merchants lost heavily—nearly all—and are totally ruined. The towns of Barra, San Pablo, Atuntaqui, and Imantad are in ruins. Where Coatacheachi formerly stood is now a lake. The population of the above named towns were almost entirely swept away. Pancho Puellaro and Cachiquanjo were also destroyed. The dead are so numerous that the surviving inhabitants have been forced to fly from the stench of their putrefying bodies.

ADDITIONAL PARTICULARS.

New York, Sept. 13.—Letters from Lima, Peru, give additional details of the earthquake and its effects. The earthquake commenced at half past five o'clock, on the 13th. of August, extending from Bolivia to the Southern ports of Chili, on the coast, and over one hundred miles inland. The towns and cities mentioned in last night's dispatches were literally ruined. All buildings not destroyed are so badly injured as to require demolition for prudential reasons. All public edifices in Arica were destroyed, including the custom house, which contained over $4,000,000 worth of goods, all of which were lost. The following description is given of the loss of the Fredonia and the landing of the Wateree. They were both at anchor in the harbor of Arica, near each other:

After the first shock had occurred on land, which created great consternation on both vessels, Dr. Dubois, surgeon and paymaster of the Fredonia, took a boat and went on shore to inquire for the welfare of friends and offer the services of the ship.—In a few moments after leaving the vessel a great upheaving of the waters in the bay commenced, and the Fredonia, parting her chains, was dashed about at the mercy of the sea, and finally went to pieces on a reef. Nothing of the vessel was saved. The officers and crew, 27 in number, were all lost; also Mrs. Dyer, wife of the lieutenant commanding. The officers' names were: Lieut. R. Dyer; D. Organ, master; J. G. Cornwell, purser; S. Lunt, secretary to the commander.

The vessel had nearly $2,000,000 worth of naval stores on board, all of which were totally lost. The Wateree was more securely anchored, but a great tidal wave swept her 450 yards inland, about two miles north of the ruined town, where she now lies between two hillocks of sand, very slightly injured. It will be utterly impossible to save her, and Admiral Turner is only hopeful of saving her battery and stores. Only one sailor was washed overboard and drowned. Lieutenant Johnson, of the Wateree, was ashore at the time, and while carrying his wife in his arms to a place of safety she was struck and instantly killed by a portion of a falling building.

The Peruvian corvette America shared the same fate as the Wateree. She lost three officers and thirty men. Commander Gillis, of the Wateree, after the disaster, together with Dr. Winslow and Dr. Dubois, of the Fredonia, were of great service to the inhabitants, dividing their provisions among the suffering inhabitants, and the physicians saving many lives by their medical and surgical skill.

A letter from Arica, dated August 22, says two other vessels, the brig Chancarillo, and the bark Eduardo, are a-so high and dry, the former losing eight men.

The scene beggars description. Railroad rails, cars, machinery, gun carriages, household furniture, barrels, dead animals and mutilated corpses are lying about in confusion. The city numbered seven thousand inhabitants, and its multitudes stand helplessly beggared on the beach. Three hundred lives were lost. A conflagration burned nearly all that was not demolished by the earthquake, and a drunken rabble robbed and despoiled what remained. Heavy cannon were carried up from the island battery, and now lie buried in the sand.—On shore the stench is sickening.

At Lima there was not much damage done, although the shocks lasted about four minutes, creating the utmost consternation, the inhabitants fleeing to open places, where they sought protection from the Almighty.

Admiral Turner, with the frigate Powhatan, left Lima with a full cargo of provisions, and had arrived at Arica to succor American seamen there and the inhabitants, and also to save the effects of the Wateree. The Kearsage had also reached Arica, from Coquimbo, with provisions. A French man of-war also left Lima to aid the inhabitants at Arica, and other places on the coast. The American minister, Mr. Harvey, at Lima, was energetically aiding, to the extent of his power, in alleviating distress. Merchants and citizens of Lima are contributing thousands of dollars to equip and load vessels with clothing and provisions, and the government is using all its means to alleviate the suffering entailed by the terrible catastrophe.

The Congress of Peru unanimously passed resolutions giving the President unlimited power to succor the inhabitants of the Southern coast. The President has issued a proclamation and the Archbishop a pastoral letter, calling upon Peruvians for liberal contributions, which have been nobly responded to, over $1,000,000 having been raised.

The business houses of Lima having connection on the coast have suffered immensely, one house, Gibbs & Son, losing over $1,000,000. Nearly all the towns and villages in the mineral province of Huanca were destroyed and reduced to shapeless masses. The cities of Pano and Cuesco were not damaged. The port of Mallerdo, where were stored the materials for building Dr. Mesigg's railway, was completely destroyed, nearly all the tools, rails and provisions being ruined by the earthquake and the succeeding tidal wave.

The Chincha islands felt the earthquake and wave, but not seriously as yet known. The cities of Ica and Pisco also suffered heavily, forty houses being overthrown and twelve lives lost at the former. Nearly all the population of Callao fled to Lima.—The steamer *Santiago*, bound from Callao to Valpa, put into the port of Chada, when, on the 13th she was seized by a great wave, her chains snapped, and the vessel carried to sea. In a few moments the wave returned towards the shore, carrying the steamer with it, and taking it, with all the passengers, safely over a high cliff and leaving it safely inside a channel.

The port of Chala was completely covered with water. At Caldera a wave and earthquake completely destroyed everything, former dwellings being left a heap of rubbish. No traces of the streets are to be seed. The inhabitants fled to the mountains, but many were drowned or killed.—Thirty-seven bodies had been discovered at last advices. At Iquique the shock lasted four minutes, after which a wave came and destroyed about three fourths of the place, with many lives, nearly all the provisions and the condensing machinery which supplied the inhabitants with drinking water. Provisions and water had been sent there from Valparaiso. One German house at Iquique lost over $400,000 worth of property.

Over 600 people were drowned at One Quita. The earthquake commenced a few minutes past P. M., and in five minutes every house in the city was levelled to the ground.

The tower of Santa Cotena Church is the only thing left standing, and that will have to be pulled down. Nearly all the inmates of prisoners and hospitals perished in the destruction of those buildings. Shocks occurred at intervals. Nearly one hundred heavings occurred in three days. The city is a complete mass of ruins. The river has changed. Mt. Misti is actually throwing out lava, smoke and quantities of mud.—The river emits a sulphurous odor, and rocks and earth are constantly falling from the mountain's crater. No one dares to go where the city was. The survivors are living in tents on the banks of the river Pancarbata. Hundreds of lives were lost by falling houses.

From Gugaquil, under August 25, we have brief accounts of the earthquake in Ecuador. In the city of Gugaquil little damage was done. The towns of Ibarra, the capital of the province of Imbaburre, San Pablo and Alcuntequi are in ruins.—The entire population of these towns and of Otovato perished, amounting to nearly 30,000. At Quito the earthquake commenced at 1.20 A. M. Aug. 16, and continued at intervals of a few hours up to dates, the last the 19th.

The churches, public buildings and private dwellings were already in ruins, and the people were living in tents in the great square. Towns adjoining Quito—named Verucho, Pucilaro and Archquango—had almost entirely disappeared with their inhabitants, the few left alive being obliged to flee to escape the pestilence arising from decomposing dead bodies. The towns of Vinicho and San Antonio had also disappeared. The number of deaths in the city of Quinto (Quito?) was not yet known. A large proportion of the wealthy inhabitants died from pestilence or disaster.

A Valparaiso letter, of August 17, says that advices received from Talbahuaro state that, at 9 o'clock on the night of August 14, three earthquakes occurred.

The second caused an immense tidal wave, which swept away fully one-half of the town, and rendered the other half almost uninhabitable. Only four lives were lost, the inhabitants fleeing to the hills. At Tome the same occurred, but being higher, but little damage was done. The port of Constitucion suffered from a wave, but was not much damaged. Several small vessels were driven ashore, and five men drowned. The town of Conception was also damaged by the same causes. Cobija, Merrillones Islands, Pisagua, and all cities and towns, in fact, from Cape Francisco, in Ecuador, to Magelian straits, suffered more or less.

Resolved, That we approve of the platform of principles adopted by the National Democratic Convention. It falters in no double sense—its language is explicit and its meaning clear—the issues presented to the country are plainly and unmistakably defined, and, with a free and fair election, we confidently believe they will be endorsed by a large majority of the people—and with that endorsement must come such a change in the administration of the National Government as will restore the Constitution and give peace, harmony and prosperity to the country, and especially to the down-trodden States of the South.

Resolved, That it is our earnest desire and intention to bring about these wholesome and necessary changes by the peaceful means of the ballot-box—and all efforts to produce a contrary belief, coming from what quarter they may, are but the tricks of interested partizans of a desperate political faction, bent upon perpetuating its power by any means and at all hazards. They are attempting to alarm the people of this State by the false cry of revolution and war, threatening them at the same time with military force; while, in other States of the South they have not hesitated to take from the people the election of electors of President and Vice President, and to confer it upon Legislatures, the members of which were elected under military rule without freedom of choice and with no regard to the question of the Presidency, in order to secure the electoral votes of such States for the Radical candidates, in disregard and defiance of the just rights of the people of such states, and of the whole country.

Resolved, That it is our frank purpose now, and has been since the close of our late civil war, to accept and abide by, in good faith and without disturbance, the legitimate fruits and consequences of that war; to yield to the Government of the United States a cheerful submission and allegiance, and to perform all the obligations of good citizens to their rightful Government. And we do proclaim that, in asking recognition on terms of equality in that grand copartnership of States which constitutes our Federal Union, we do so with no hostile intent; on the contrary, we wish to share its benefits and its duties; to rebuild our waste places under the protection of its flag; to re-establish the old era of good feeling in our common country; to thwart the designs of unpatriotic men everywhere, who seek to perpetuate discord and division; and to participate in the blessings, as well as the burdens, of the government.—*Resolutions adopted by the State Democratic Convention of North Carolina, Aug. 14, 1868.*

REGISTRATION AND VOTING.

1. Remember that between the 15th of October and the day of election, the 3rd of November next, *every* man in North Carolina, who desires to vote in the coming election, *must register*. Former registrations will avail nothing.

2. Registrars have the right to register all qualified voters from the 15th of October to the 3rd of November. All votes can be challenged at the time of registration, but not at the polls, unless they register at the polls. It is important, therefore, that the Democrats and Conservatives should attend closely to the registration, and hold Registrars to their sworn duty, under the penalty of the law.

3. All persons can register and vote, who have the following qualifications. The Registration law says:

"SEC. 6. Every male person born in the United States, and any male person who has been naturalized, twenty-one years old or upwards, who shall have resided in the State twelve months next preceding the election, and thirty days in the county in which he offers to vote, shall be deemed an elector and shall be entitled to registration upon application.

SEC. 7. Except in cases provided for in section eleven, of this act, no person shall be allowed to vote at any election unless his name shall be found upon the registration books of the precinct in which he offers to vote, unless he shall take and subscribe the following oath: "I,——, do solemnly swear (or affirm) that I will support and maintain the Constitution and laws of the United States, and the Constitution and laws of North Carolina not inconsistent therewith; that I have been a resident in the State of North Carolina for twelve months, and in the county of —— for thirty days, and that I have neither registered nor voted during this election in any other precinct." Such persons having taken this oath shall thereupon be registered."

SOUTH ARKANSAS FOR SEYMOUR AND BLAIR.—A letter received by a well-known business firm of Baltimore from Lisbon, Union county, Arkansas, says: "Seymour and Blair, upon a fair election, will get every white vote in South Arkansas, and would get over one-half of the negroes were it not for the carpet-baggers, scallawags, &c., who meet them at midnight to tell them that every one who votes will be sent back to slavery for five years."

Is Gen. Grant, who fought for a Union of States under the Constitution, the same person who is now an instrument for the subjugation of the same States, and the destruction of the rights of their people?

THE RADICAL ARMY—RADICAL PREPARATIONS FOR WAR!—TREASON!!

We are satisfied that the people of the State are, in a great measure, unadvised of the enormity and alarming character of the army bill, passed by the Radical Legislature, at its late session. Let us see what are its material and important provisions.—It authorizes the Governor, so called, to accept and *organize* six regiments, six thousand men, or as many more as he pleases, (for he may make these regiments more than a thousand men each,) and he may receive and organize three battallions of cavalry and one battalion of artillery. The officers of these troops are to be *appointed* by the Governor, and the *officers* and *troops* are to be under his command and direction, and they are to be furnished with necessary arms. These troops are not *detailed militia*; they are to constitute a *volunteer organization*. Then this same act *appropriates whatever* sum of *money* may be necessary to organize, arm and equip this volunteer *Radical army!* And this Governor may *go out of the State* to get his officers. There was design in this. He could not get a tool of sufficient *ability* here to do his work of murder and death.

Then there is to be another distinct military organization, called the *detailed militia*. Five Justices of the Peace, (these are all Radicals,) may request this Governor to order the Colonel of the county, (this Colonel is this Governor's appointee,) to detail, organize and equip a sufficient force to keep the peace. This is any number this *Radical Colonel* may see fit, not exceeding fifty for each member of the House of Representatives; but this Governor may make the number as large as he pleases. Of course, this Radical Colonel will detail only Radicals to do military duty. This is the avowed policy of the Radical party.—The officers and privates of this organization must be *electors of this State*; the *volunteer troops* may come from Vermont, or anywhere. There was design in this, too! This act provides that the *detailed militia* shall be used only for the purpose of executing the laws and to suppress resistance to the same, but for what purpose are the volunteer troops to be used? We tell the people that this volunteer organization is for the purpose of levying war upon the Constitution of the United States, and the white people of this State and the South, in the contingency that Seymour and Blair are elected. *This is the object and no other.* There could be no other motive, and this act was passed through the Legislature under the whip of the party caucus, and for a *special purpose*. It means WAR, (and this explains the Radical cry of War!) and more hands and heads than those of North Carolina Radicals were at the bottom of this infamous and treasonable scheme.

Here is what is meant by the threat of war. There is cause for alarm, not only here, but throughout the country. We call the attention of the authorities at Washington to this treasonable scheme to destroy the Constitution; we call the attention of the people of the North, of North Carolina, and the whole South, to it. There are not only these treasonable provisions in this act, but the Governor is proceeding cautious'y to execute its provisions. It means war and treason, and it gives this irresponsible Governor *unlimited* control of the State Treasury, to carry out this diabolical scheme.

There can be no doubt that this act, without a parallel in infamy and treasonable audacity, is in violation of the Constitution and laws of the United States and of the Constitution of this State. Steps ought to be taken at once to arrest this movement, and we trust the authorities at Washington will have an eye to the matter. Let the whole scheme of treason be brought to light. More Radicals than North Carolina Radicals are at the bottom of this scheme, and we intend to bring the whole matter to view. We feel sure that we have the means that will enable us to do so in a short while, and we intend to use them fearlessly and without regard to consequences.

GOV. VANCE.—This gentleman made one of his great speeches in Portsmouth, on Saturday night last, to an immense audience and amid intense enthusiasm. The Norfolk *Journal* says:

"The chair then stated that it was his "great pleasure to present to the meeting ex Gov. Z B. Vance, North Carolina's most distinguished son, if not her brightest jewel."

Gov. Vance came forward, and although present in response to an entirely unexpected invitation, for a full hour and a half addressed the meeting in one of his remarkable and characteristically powerful and invigorating efforts in behalf of true constitutional liberty and the emancipation of the Southern white man, which, from exordium to peroration, was replete with earnest, convincing argument, and the graceful, persuasive eloquence of a richly stored and elegantly cultivated mind. We never heard anything we listened to with more decided pleasure, and such were the raptures of the entire meeting that when the Governor took his seat the building fairly trembled with repeated cheers for "Vance, and the Old North State!"

On motion, the meeting then adjourned, and the Governor and his friends were escorted to the ferry and wharf by a large delegation of the citizens of Portsmouth, and after "three cheers and a tiger" were given, a parting salute of four guns was fired from the "Chambers Battery."

MORE ABOUT THE SEPTEMBER SESSION.—Gentlemen just returning from the North, who conversed with members of Congress, are of opinion that a quorum of members of the House will be here on Monday next.—Mr. McPhearson, clerk of the House, has issued orders to his subordinates here to have the hall of the House in readiness for the reception of a quorum, and to-day the work of laying carpets was commenced.—The doubt now is whether a quorum of Senators can be got together. Thirty five constitute a quorum, and to secure it every Republican Senator from Maine to Missouri must be on hand. The absence of a quorum in either House will send the session over until December, because it will require the assent of both for a further recess.—*Wash. Letter in Balt. Sun.*

Said a local exhorter, who had the habit of adding "ah" to many of his words: "My dear brethren, listen to the words of an old man-ah, who has one foot in the grave-ah, and the other all but ah!"

THE "WHISKEY RING," AGAIN.

The farmer does not distill one drop of spirits, no matter if for domestic use, without first paying a *special tax* to the United States government of $400, and then paying 50 cents per gallon for *every* gallon distilled, after providing an expensive *meter*, to determine the quantity of the spirits distilled, and giving heavy bonds. The result of this is, that the common people cannot distill; they are cut off from the privilege of supplying even their domestic wants, because they cannot afford to pay the enormous *special tax* of $400. This operates especially hard and oppressively upon the small farmers in many portions of this State. But the law was *intended* to have this effect; the object was to prevent the poorer classes from distilling and to create a *monopoly*, for the benefit of *wealthy capitalists*, who make distilling spirits a *great business*, from which they realize immense fortunes. The tax of $400 for their *large* business is comparatively to them a trifle, while it *stops* the farmer and man of small means.

Now, whence came this unequal, unjust and oppressive legislation? It was done by a corrupt and corrupting RADICAL CONGRESS, in the interests and for the benefit of that corrupt and powerful organization called the "*Whiskey Ring.*" This "Whiskey Ring" is a great power in the government. Men of great wealth are banded together to *buy up* corrupt Congressmen, and control the legislation of Congress for their benefit. This is a notorious fact all over the North. Only see how artfully the matter is arranged: The *special* tax is heavy,—$400; this the small farmer, or man of small means, can't afford to pay, and thus all the small distilleries in the Country are stopped; this gives men of large means the opportunity to do all the distilling. They sell their spirits at their own price, realize immense fortunes, and are able to *buy up* corrupt Congressmen and Revenue officers, and escape the law. It has been estimated that, last year, the government lost several millions of dollars of revenue, justly due from "Whiskey Ring" men. They accomplished this, by corrupting, buying, and evading the Revenue officers.

This oppressive law is the deliberate work of a well-organized corrupt RADICAL power in Congress. Our people have felt the oppression wrought by it most sensibly, especially *the Western people*. The dockets of the United States Courts are crowded with prosecutions for distilling without paying the *special tax*; the *poor people* are persecuted and ruined by fines and costs, while the man of money *buys* his way along to untold wealth. The small distiller is *hunted down* by the Revenue officer, paid for this purpose, while the rich one goes unwhipped of justice. Of all the prosecutions in this State for unlawful distilling, we do not remember a single case where *a man of wealth was prosecuted*! This is a remarkable fact, and goes far to prove the immense power of the "Whiskey Ring." The man of means walks, runs on, to fortune, while the poor one is dragged from Cherokee to Raleigh and ruined, and broken up and imprisoned. The tax on the gallon used to be $2; now, it is 50 cents, but the *special* tax is $400! Can't the plainest man see the motive? Stop the *small distilleries* by a high *special tax*; *encourage* the large ones by reducing the tax on the gallon! How long will the people sustain such a corrupt Radical Congress and party?

This law of Congress is so outrageously oppressive and unequal as between the rich and poor, that we have felt called upon to call public attention to it a second time.—We would not encourage the use of spirits, but we will expose such gross oppression, especially of the people in the humbler walks of life. This is but one of the scores of oppressive measures passed by a Radical Congress. Let the people call the "*carpet-bag*" *members from this State to a strict account!*

For the Sentinel.

RECONSTRUCTION IN HARNETT.

HARNETT C. H., N. C., Sept. 8.

Editors Sentinel:—The Imperial Court of County Commissioners assembled again yesterday,—this time with open doors. They have abandoned their first decision, that all County officers, except those that have had their disabilities removed, were required to take the iron clad oath. Mr. Prosecuting Attorney, James Madison Turner, *alias* Thad. Stevens, Jr., was appointed Chairman,—the man that lives so far from Raleigh and still goes there twice a week to get judicial opinions to suit himself. He has finally got an *ex parte* opinion to suit his mind, from Judge Tourgee, stating that Clerks and Sheriffs are judicial officers, but a majority of the Commissioners contend that Judge Tourgee's opinion is no higher authority than Judge Buxton. But the Prosecuting Attorney and Chairman moved the previous question, and postponed the qualifying the officers two weeks, as he said that would give him time to go to Washington and see Judge Rodman; that Judge Rodman had promised to give him a written opinion to suit his case, and he being one of the Supreme Court Justices, that would be conclusive. I suppose he will have a handsome bill of mileage to be paid by the tax payers of Harnett County.

No person in Harnett blames the Executive for appointing the Commissioners for Harnett County, after being informed by Judge Buxton that the Commissioners elected by the people were banned, but they did not expect him to appoint men that would be partizans in office. They, the Commissioners, contend that Judge Buxton was voted for by the Conservatives, and, therefore, will not give Radical decisions. One of the Radical colored orators has denounced Judge Buxton, in very bitter terms on the stump, since our Court, because his son was convicted of larceny. I know the Conservative party in this county do not claim Judge Buxton as belonging to their party, but they respect him as a Christian gentleman and as a Judge.

Yours, &c., B.

The lamb-like Brownlow, in a recent conversation, said he "was bitterly opposed to rebel enfranchisement, and that the only proper way to treat the hell-deserving rebels"—all white Southerners are called rebels—"was to annihilate them by fire and sword." Is this the peace Gen. Grant is sighing for?

RADICAL THREAT OF WAR.

The Radical Congress have adopted what they and the Radical party call the "*Congressional Reconstruction Policy.*" This policy is confessedly without the sanction of the Constitution of the Union. The Radicals in Congress and out of Congress admit this. It is, indeed, *at war* with the Constitution, and, if tolerated, establishes a precedent that will certainly destroy free government. If the Radical party may adopt this *party* reconstruction policy, the Democratic, or any other party, may, with the same propriety, adopt *another* reconstruction policy, when such party may come into power, and, by this rule, there would be no end to reconstruction; the Government would just go on from one revolution to another, as often as parties changed. Our Government, instead of being stable and reliable, would become unstable and revolutionary; it would become just in the condition that unhappy Mexico is and has been in for a long time past, and will continue to be in, until some conqueror steps in and establishes his power by irresistible and perpetual force.

There is but one way to reconstruct the Union, so to make that reconstruction *binding*, and that is to reconstruct *under and in pursuance of the Constitution*. The Constitution binds all parties, no matter what the name; any other reconstruction is not worth anything; it is worse than futile,—it is the work of death to the Union and the Constitution. It makes the Constitution *subordinate* to a *party*; it establishes *revolution, anarchy and a despotism*.

We tell the people, North and South, and we speak in the light of history, truth and reason, that if this unconstitutional Congressional reconstruction policy, as it is called, is adopted, that the days of free constitutional government are gone, and the reign of revolution, anarchy and despotism is begun, to end only in a vast sea of blood! Mark this prediction!

The Radical party declare for this unconstitutional Reconstruction policy, and that it shall stand in the future, if need be, as in the past, by *force* and the *sword*. They declare that they will not submit to the Constitutional voice of the *American people*; that they will, if need be, make open war on the Constitution, and they are making every necessary preparation to this end.

On the other hand, the Conservative and Democratic party stand by the Constitution and declare that the Union shall be restored *under* and in *pursuance* of the Constitution, and they call upon the American people, of all parties, to aid in doing this. This is surely right. Can any good or patriotic man say this is wrong? Could any other course be right? And yet for this, and for this only, the Radical party say that they will make war, if Seymour and Blair are successful! Will they thus dare to make war, not on a *party*, but on the Constitution of the Country? No, not they! The good and patriotic of all lands would cry out against them; the dead heroes of the late war, and the fathers of the Revolution of 1776 would from their graves cry out against them, and God would smite them from the face of the earth! No, no, they won't dare thus to make war; they make this empty, idle threat to frighten the timid and weak, and because they think such a cry will drive a people, lately scourged by a desolating war, from the support of the Constitution and the Union. They make this threat for the lack of merit, and truth and argument to sustain and support a party and policy alike destructive of free government and the happiness of the American people.

We trust that Heaven will destroy the purposes and blast the hopes of the Radical curse and blight that now darkens our land and brings humiliation, distress and desolation to millions of the pure and patriotic people of the Union! Let the cry, from one end of the country to the other, be, *down with the Radical party and Radicalism and stand by the Constitution!!*

For the Sentinel.

A PROMPT DENIAL.

MESSRS. EDITORS:—I learn that it is rumored, by whom I do not know, that I have changed my political position, and have become a Radical. Permit me to put a flat denial upon this. I am a decided Conservative, and stand, where I have always stood, for liberty, justice and right, and for the Constitution, and shall vote for Seymour and Blair in the coming election.

PENDALL BEVERS.

WAKE Co., Sept. 16, 1868.

THE MAINE ELECTION.

The election in Maine yesterday, as was anticipated in these columns, resulted in the success of the Radicals, but by a reduced majority as compared with that of 1866, and even of those of 1864 and 1860. A very heavy vote was polled, each party making gains on the vote of 1866, with the advantage in favor of the Democrats. The following table shows the Radical majority on the vote for Governor and President since 1860 in each year in which representatives in Congress were chosen, at which elections alone a full vote was polled, that of 1862 being omitted, as the parties were not fairly divided, owing to the fact that three candidates for Governor were in the field:

	Rad. maj.	*Dem. gain in 1868.*
1860	27,707	9,661
1864	21,122	3,076
1866	27,690	9,641
1868	18,046	

These figures are in every respect gratifying to the Democracy. The Democrats in Maine have made a splendid fight, and despite the heavy odds against them have succeeded in reducing the Radical majority of 27,000 to a trifle over 18,000. A proportionate gain in the States which hold their elections in October, will give us Pennsylvania, Indiana and Ohio by handsome majorities, and in November will triumphantly elect Seymour and Blair.

All honor, then, to the sturdy Democrats of the Pine Tree State. They have fought a good fight and have shown what pluck, energy, and persistence can accomplish in the face of apparently insurmountable obstacles. They deserve and will receive the thanks of their fellow-Democrats throughout the entire country.—*N. Y. World*, 15th.

NEW FALL AND WINTER GOODS,

FOR

1868.

COME TO

A. CREECH'S!

For Ladies' Goods! For Gentlemen's Goods! For Misses' Goods! For Boys' Goods! Ditto for Children!

MY STOCK IS LARGE AND VERY COMplete. Allow me to say that you see some very strange advertisements. Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some controlling the trade &c., &c., and all such stuff. What a lucky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? So let them talk, puff and blow, but STOP, LOOK OUT! **HANDS OFF!** and show your good judgment by

COMING TO CREECH'S

to buy your goods. I intend to run through this campaign with my motto, to give each and every individual value received for their support!

A fine opportunity for the ladies to exercise their inalienable rights, as well as the gentlemen. Don't stop until you COME TO CREECH'S. You will find me at R. Smith's corner, attending to my business, always ready to give you the worth of your money.

Valuable Farm for Sale.

I OFFER FOR SALE that well known and desirable Farm, formerly owned by R. W. Edmundson, near Stantonsburg, Wilson County, N. C. It is situated on the County Road leading from Goldsboro to Tarboro. The Tract contains

435 ACRES,

of which 365 are cleared and in a fine state of cultivation. Plenty of MARL, easy of access. A good variety of Fruits and Vineyards, good Water, a healthy locality and intelligent and refined society. Dwelling House with 8 commodious rooms, nearly new. All out-houses necessary on a Farm.

The Farm is adapted to the growth of COTTON, CORN, VEGETABLES, and everything else usually grown in this section. It is located 7 miles from the W. & W. R. R., and is certainly one of the most beautiful situations in Eastern Carolina. I deem further description unnecessary as no one would purchase without looking for himself. Come and see growing crop, without fertilizers or compost.

TERMS:—$2,000 cash, (currency,) and 100 bales of Cotton, (425 lbs. per bale,) payable in three annual instalments, with interest computed on Cotton at 15 cts. per lb. I have no hesitation in saying that I believe 100 acres in Cotton will pay the entire Cotton in two years. It is a rare chance for a good investment. Such property is seldom put in market. I am not confined exclusively to the above terms. The subscriber or Mr. Edmundson will take pleasure in shewing the property to those wishing to purchase.

L. W. PECK,
Chairman Committee of Arrangements.

MEETING AT LAWS' STORE.—There will be a Mass Meeting of the Democrats and Conservatives, at Laws' Store, Wake County, on Friday, the 25th. instant. The people are urged to turn out. Several able Speakers will be in attendance.

The torch-light procession, last night, was a very poor affair. It passed up the streets amid profoundly-darkened houses and stores,—the crowds of negroes making night hideous with yells. *Nary* white man in the "congregation." We understand that the negroes are justly indignant at the exclusiveness of the few scallawags and carpet-baggers who were here.

SEVERE STORM.—We learn that one of the severest hurricanes ever experienced in this State passed over the country, two miles South of Franklinton, on Monday evening. It tore up trees before it for about one mile,—passing mainly through the plantation of Mr. Joseph Kearney, and those adjoining. In its track there is, we hear, scarcely a large pine or oak standing. On Mr. Jno. Winston's land, a noted oak, which is said to be eight feet in diameter, was swept down. On Mr. W. A. Williams' land, he counted *thirty-five* large oaks blown up!

THE RADICAL DEMONSTRATION!

THE GREAT NEGRO MASS MEETING AND BARBECUE!

The Radical organ in this city, in noticing the great Democratic Convention on the 13th. August last, exhausted its powers of ridicule and falsehood, to misrepresent the Democratic demonstration on that occasion. We shall not follow its example.—We shall confine ourselves to such facts as we could obtain under the circumstances.—We have not been able, for manifest reasons, to *procure a Reporter* for the occasion.

We wish that every true white man in North Carolina, and in the Union, if that were possible, could have been in this City, on yesterday, to have witnessed the material of which the Radical Mass Meeting was composed, and the scenes which transpired. The facilities for transportation afforded to the colored population, (facilities which were *denied* to *white* Democrats and Conservatives at their Mass Convention in August,) by the Radical Railroad Presidents, brought thousands of them of all ages, sexes and conditions to the city. We are reliably informed that these negroes were given *round tickets* from Newbern to Raleigh for SIXTY CENTS, and we have no doubt but that those, who were unable to raise this paltry sum, were transported *free of charge*. As it was, every street, avenue and corner were blockaded with dense masses of negroes,—nearly all of them armed with bludgeons and other weapons,—dressed in every conceivable style of costume, from "a shirt and a Grant and Colfax badge" up to the most fantastic military toggery.

The delegates and others from abroad commenced arriving at about 3 o'clock on Tuesday afternoon, and the volume of negroes from all the accessible counties to the Railroads continued to swell by every train, until 10 o'clock, the next morning. To these were added numbers from the various Clubs and Leagues in Wake, until the number of colored persons on our streets and at the places of speaking, swelled to perhaps 5,000. Some estimate the number at less and others greater. It is remarkable, that we cannot hear of *one hundred white persons from abroad in attendance*, including carpet-baggers and scallawags.

The Marshals, consisting of C. M. Farris, Jos. W. Holden, W. M. Coleman, Judge Tourgee, Gen. Estes, and others, met the negroes at the depot and escorted them through our streets, on Tuesday afternoon and Wednesday morning, with music and banners.

At 10 o'clock, on yesterday, a portion of the crowd met on Burke Square, and were addressed by "Gov." Holden, whose remarks, we understand, were upon the ordinary topics, discussed by Radical speakers generally, and were of no special significance. It was then announced that the crowd would repair to another grove beyond, where it would be addressed by Gov. Hawley, of Connecticut. Of his speech we have heard nothing, but our readers can very easily judge of its character and merits. Gov. Hawley is said to be a native of Robeson in this State, but his present position and politics entitle him to no consideration among the intelligent and virtuous people of the State. We have heard of one or two speeches delivered by persons intoxicated, which were very inflammatory and imprudent, and of which we shall speak hereafter.

The provision for feeding this large crowd, we understand, was slim. Up to this hour, (9 o'clock P. M.,) we are glad to say that no instance of disorder has occurred, though there is some evidence of the free use of liquor. There has been noise and bluster, but nothing more than could be expected on such an occasion. The white portion of our community have attended to their own business, leaving the attendants upon the mass-meeting the largest scope for their own gratification.

We are glad to announce that Judge Reade and his Associate Justices on the Supreme Court Bench, who were announced, by the *Standard*, to preside on the occasion, are not here, and that Tourgee is the only "*Judge*" in the State, who has soiled the judicial ermine by participating in this affair.

THE "OUTRAGE" ALLEGED TO HAVE BEEN COMMITTED IN THIS COUNTY.—A communication to be found in the local columns this morning denies any foundation to the hubbub which "Justice" J. H. Everett is making over the alleged "outrage" which he claims to have been committed near Gaston, some ten days ago, and which has occasioned the *Standard* to assail the Ku Kluxes in this section and *Mr.* Holden to adjourn the Superior Court in session at Louisburg in order to allow "Judge" Watts to come down and examine into the affair—J. H. E. being ready to swear his knowledge of a number of persons that were engaged in the attempt *to murder him*. As we at first surmised, the whole thing was perpetrated in the imagination of this *pseudo* Justice for the accomplishment of certain ends, and the world is to be made to believe that we as a people in this section are willing to violate the laws, though they may be of a damnable character. We are glad to see the *lie* given to these assertions on the part of this villain, and do not believe his own conscience will allow him to return to his home, unless he can be attended with some of his master's police guard—not that violence is intended to be done him, but that his sins will so haunt him that he will be afraid of his own shadow.

We have heard nothing of "Judge" Watts this week being in the county, and must conclude that more has leaked out concerning the affair than "Justice" E. was willing to divulge, and that the *order* for the called Court has been countermanded.—*Roanoke News.*

It will be seen by the public debt statement that the payments on account of the War Department for the month of August were $19,800,000—at the rate of one hundred and forty-one millions six hundred thousand dollars ($141,600,000) a year!—"Let us have peace."

SEYMOUR AND BLAIR IN ALAMANCE.

Editors of the Sentinel:—According to previous notice, a large number of Democrats and Conservatives of this county met at McCray's Store, for the purpose of organizing a Seymour and Blair Club.

The meeting being called to order, on motion of A. Murray, Esq., B. F. Raney, Esq., was elected temporary Chairman and J. H. Watson, E q, temporary Secretary.

On motion, a Committee of three was appointed by the Chairman, to report matters for the action of the meeting, viz: A. Murray, W. F. Fanville and J. H. Dickey.

During the absence of the Committee, James E. Boyd, E q, was called for and he responded to the call in an able and appropriate address.

The Committee, on their return, reported the following resolutions:

Resolved, That we do heartily endorse the platform and principles of the great Democratic and Conservative Convention which met in the city of New York on the 4th. day of July last; and that we also endorse the platform and principles of the State Convention, which met in Raleigh on the 13th. of August, 1868.

Resolved, That we pledge ourselves to use our utmost exertions to secure the election of Horatio Seymour as President of the United States, and Francis P. Blair as Vice-President.

Resolved, That this Club will use every honorable means to influence colored electors of this county to become members of the great National Democratic and Conservative party, and will by facts and arguments show them that it is to their interest to vote with the party that will sustain a Constitutional Government.

Resolved, That this Club heartily invites all men, who desire a return of prosperity and plenty to our impoverished land, to unite with us in our efforts to procure constitutional liberty and to place their names on the rolls of our Club.

These resolutions were read and unanimously adopted.

Our representative, Dr. John A. Moore, being called for, came forward and addressed the meeting in an eloquent and interesting effort.

The Club then proceeded to elect the following gentlemen, as permanent officers of the Club: President, Freeman Leath; Vice Presidents, Jacob G. Dickey, Col. Jesse Grant and Brice F. Fanville, E qs; Secretary, J. H. Dickey; Corresponding Secretary, J. H. Watson; Treasurer, Wm. Moore.

On motion, it was ordered that a copy of the proceedings be sent to the *Sentinel* and Greensboro' *Times*.

FIRE ON THE SEA!

BEAUFORT, Sept. 13th, 1868.

The dull monotony of our town was somewhat relieved, this afternoon, by the arrival of two boats containing sixteen men, being William W. Neff, the master, Richard Fleming, the engineer, and the whole of the crew, of the steamship, Patapsco, of New York, which they had left on fire, at sea. This ship was about 458 tons burthen, owned by James Borland & Co., of New York, and the Captain and engineer, and, being laden with hay, left New York on Wednesday, the 9th. inst., bound to Savannah.

Having fine weather, she steamed along the coast handsomely, until about 5 o'clock this morning, when, being about fourteen miles Southeast of Cape Lookout Light House, smoke was seen issuing from the hold, which indicated that the cargo had taken fire! The ship's company immediately started the steam pump to which hose was attached, threw water rapidly on the cargo, but the smoke became so thick and suffocating that they were compelled, in a few minutes, to discontinue the operation. They then closed the hatches, the doors and windows of the engine room, and the dead lights, hoping to *smother* the fire by excluding the air; but the heat soon broke out the glass of the doors and windows, and the flames issued forth with great fury. They then headed the ship for the land, but she soon became unmanageable owing to the progress of the fire. They were then about eight miles from the Light House; and having no hope of saving the ship, they determined to escape in their boats; and a few minutes after 7 o'clock, A. M., they abandoned the burning vessel, and, having a smooth sea, they rowed rapidly away.—The wreck was soon covered with a blaze of fire, and looked like a lonely funeral pile on the "wide waste of water." *Spontaneous combustion* was doubtless the origin of the fire.

NEW YORK.

THE UNIVERSAL LIFE INSURANCE COMPANY,

NEW YORK.

Office, No. 60, Liberty Street.

The Original Joint Stock Life Insurance Company in the United States.

The business of this Company is EXCLUSIVELY confined to the insurance of first-class healthy lives.

THE DISTINCTIVE FEATURE

of the STOCK system of Life Insurance, as opposed to the MUTUAL, is a low rate of premium for a stated sum assured, which is IMMEDIATE, SECURED, and CERTAIN; in lieu of a high rate of premium for a promised dividend which is DISTANT, CONTINGENT, and UNCERTAIN; this so-called dividend being merely a return of a portion of the excessive and unnecessary premium charged in the first instance.

ILLUSTRATION.

Suppose that an individual aged thirty desires to devote $200 a year for the purpose of effecting an insurance on his life; this amount will immediately secure him in the "Universal" the sum of $11 751, payable on his decease. This sum, paid to a Company charging the ordinary mutual rates, would secure him the sum of $8,474.

The difference between these sums ($3 277) is exactly the same as an immediate bonus or addition to the policy to be paid by the former office to the holder of the policy in case of the early death of the insured. It is true that if the insured, in an office charging high rates, *live long enough*, and have his periodical dividends added to his policy, the sum may equal or surpass that above named; but it must not be forgotten that the *chance of early death* is the very thing the applicant desires to insure against, and consequently the greater the sum immediately secured, contingent on this event, the greater the advantage to the policy-holder.

To illustrate the importance to the policy-holder of low premiums in more general terms, it may be stated that by a reduction of *twenty-five* per cent in the rate of premium, the same amount of money will secure a policy *thirty-three and one-third* per cent greater, and likewise that a reduction of twenty-five per cent. in the rate of premium is precisely equivalent to an *annual cash dividend of thirty three and one-third per cent., payable in advance*, or to a dividend of *forty-five per cent*, payable at the end of five years.

By the *Stock* plan the *full cash effect* of the premium is *immediately* secured to the insured, the Company taxing *all* the risk. By the *Mutual* plan, the full value in insurance of the premium paid is *not* secured to the policy-holder, who takes a portion of the risk himself.

Rates to Secure $1,000 at Death.

Policies issued at rates less than those charged by Mutual Companies, *guaranteeing a reduction of fifty per cent* of the premium after the third annual payment.

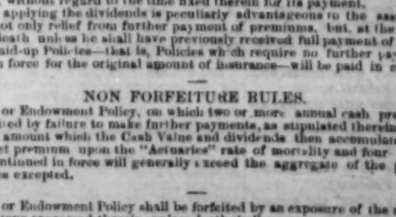
NON-FORFEITING CASH RATES OF THE

ÆTNA LIFE INSURANCE COMPANY, OF HARTFORD, CONN.

ASSETS, $10,000,000.

$130 to pay every 100 of Liabilities.



DIVIDEND, Fifty per Cent.

57,000 Members, and constantly increasing.

DESCRIPTION OF POLICIES.

First.—Whole Life Policies.
Second.—Endowment Policies, for terms of ten, fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term; or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies, issued at the published rates, will participate in the surplus from the date of issue.

The dividends will be declared and paid annually upon the contribution plan, &c. may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made, the dividends will always be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount* without further payments, the assured may at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a percentage of said sum, and *paid in* cash, and upon surrender of said Policy the sum insured thereby, will be paid in *full*, without regard to the time fixed therein for its payment.

This system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON FORFEITURE RULES.

No Whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payments, as stipulated therein but will continue in force for the full amount which the Cash Value and dividends then accumulated, will purchase—taken as a single net premium upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

No Whole Life or Endowment Policy shall be forfeited by an exposure of the assured life in violation of the conditions expressed therein, unless death shall occur UNDER OR IN CONSEQUENCE OF such exposure, when the Cash Value of the Policy, together with all accumulations from dividends, will be paid upon its surrender.

INCREASE OF INSURANCE.

Applications to increase the sum insured on any life will always be considered as applications for new insurance and, therefore, no increase of insurance will be granted unless the unimpaired condition of the assured life shall have been proved by medical re-examination.

COLUMBIAN COLLEGE, WASHINGTON, D. C.

THE SESSIONS OF THE SEVERAL Departments open as follows:

The PREPARATORY, September 9th; the COLLEGIATE, September 23d; the THEOLOGICAL, October 7th; the LAW, October 14th; and the MEDICAL, October 19th.

This College was organized with a reference to the oft urged suggestion of WASHINGTON, that a University, at the Federal Metropolis, would tend to the "assimilation of the principles, opinions and manners of our countrymen, by the common education of a portion of its youth from every quarter." Its graduates have verified the expectations of Madison and Monroe, that the facilities of hearing debates in Congress, arguments in the Supreme Court and Lectures from eminent men, and of visiting Libraries and Collections in Science, gathered at this centre, would foster a comprehensive mental development.

The Preparatory School gives a thorough training for business, and preparation for College. The College proper has eight efficient Professors; all the Chairs being filled. The Theological school has three Professors and Lecturers; the Law School four, and the Medical, ten. The expenses are as low as at other Colleges — Number of students the past year, 434. For Catalogues or further information, address,

G. W. SAMSON, D. D.,
Aug 20-1m President.

VEGETABLE PILE OINTMENT.

TO THE PUBLIC.

For 25 Years I was sorely afflicted with the Piles. After trying every remedy I could hear of and failing to receive any benefit, in 1857, I discovered a remedy, purely vegetable, which effected an entire cure, and I have had no return of it.

Anxious to relieve the afflicted and to promote my own benefit, I made public my discovery and had the gratification to know that my remedy cured a large number of persons. My ointment was advertised in the public prints and I met with great success, until the war came on.

By the advice of friends, I have determined again to manufacture the OINTMENT and offer it for sale. Any number of certificates of its value could be obtained if necessary.

Price of box $1, and postage. (Fifteen cents.) As soon as I can make arrangements, I will put it in the hands of the druggists of the State.

THE NATIONAL DEMOCRATIC CONVENTION!

THE PLATFORM.

"The Democratic party, in national convention assembled, reposing its trust in the intelligence, patriotism, and discriminating justice of the people, standing upon the Constitution as the foundation and limitation of the powers of the Government, and the guaranty of the liberties of the citizen, and recognizing the questions of slavery and secession as having been settled, for all time to come, by the war or the voluntary action of the Southern States in constitutional conventions assembled, and never to be renewed or re-agitated, do, with the return of peace, demand:

First.—Immediate restoration of all the States to their rights in the Union, under the Constitution, and of civil government to the American people.

Second.—Amnesty for all past political offences, and the regulation of the elective franchise in the States by their citizens.

Third.—Payment of the public debt of the United States as rapidly as practicable; all moneys drawn from the people by taxation, except so much as is requisite for the necessities of the Government, economically administered, being honestly applied to such payment, and where the obligations of the Government do not expressly state upon their face, or the law under which they were issued does not provide that they shall be paid in coin, they ought, in right and in justice, to be paid in the lawful money of the United States.

Fourth.—Equal taxation of every species of property according to its real value, including Government bonds and other public securities.

Fifth.—One currency for the Government and the people, the laborer and the officeholder, the pensioner and the soldier, the producer and the bondholder.

Sixth.—Economy in the administration of the Government; the reduction of the standing army and navy; the abolition of the Freedmen's Bureau (great cheering) and all political instrumentalities designed to secury negro supremacy; simplification of the system and discontinuance of inquisitorial modes of assessing and collecting internal revenue, so that the burden of taxation may be equalized and lessened, the credit of the Government and the currency made good; the repeal of all enactments for enrolling the State militia into national forces in time of peace; and a tariff for revenue upon foreign imports, and such equal taxation under the internal revenue laws as will afford incidental protection to domestic manufactures, and as will, without impairing the revenue, impose the least burden upon and best promote and encourage the great industrial interests of the country.

Seventh.—Reform of abuses in the Administration, the expulsion of corrupt men from office, the abrogation of useless offices, the restoration of rightful authority to and the independence of the executive and judicial departments of the Government, the subordination of the military to the civil power, to the end that the usurpations of Congress and the despotism of the sword may cease.

Eighth.—Equal rights and protection for naturalized and native born citizens at home and abroad; the assertion of American nationality which shall command the respect of foreign Powers, and furnish an example and encouragement to people struggling for national integrity, constitutional liberty, and individual rights; and the maintenance of the rights of naturalized citizens against the absolute doctrine of immutable allegiance and the claims of foreign Powers to punish them for alleged crime committed beyond their jurisdiction.

In demanding these measures and reforms we arraign the Radical party for its disregard of right, and the unparalleled oppression and tyranny which have marked its career. After the most solemn and unanimous pledge of both Houses of Congress to prosecute the war exclusively for the maintenance of the Government and the preservation of the Union under the Constitution, it has repeatedly violated that most sacred pledge, under which alone was rallied that noble volunteer army which carried our flag to victory.

Instead of restoring the Union, it has, so far as is in its power, dissolved it, and subjected ten States, in time of profound peace, to military despotism and negro supremacy.

It has nullified there the right of trial by jury; it has abolished the *habeas corpus*, that most sacred writ of liberty; it has overthrown the freedom of speech and the press; it has substituted arbitrary seizures and arrests, and military trials and secret star chamber inquisitions for the constitutional tribunals; it has disregarded in time of peace the right of the people to be free from searches and seizures; it has entered the post and telegraph offices, and even the private rooms of individuals, and seized their private papers and letters without any specific charge or notice of affidavit, as required by the organic law; it has converted the American capitol into a bastile; it has established a system of spies and official espionage to which no constitutional monarchy of Europe would dare to resort; it has abolished the right of appeal on important constitutional questions to the supreme judicial tribunal, and threatens to curtail or destroy its original jurisdiction, which is irrevocably vested by the Constitution, while the learned Chief Justice has been subjected to the most atrocious calumnies merely because he would not prostitute his high office to the support of the false and partisan charges preferred against the President. Its corruption and extravagance have exceeded anything known in history, and by its frauds and monopolies it has nearly doubled the burden of the debt created by the war. It has stripped the President of his constitutional power of appointment even of his own Cabinet. Under its repeated assaults the pillars of the Government are rocking on their base, and should it succeed in November next, and inaugurate its President, we will meet, as a subjected and conquered people, amid the ruins of liberty and the scattered fragments of the Constitution; and we do declare and resolve that ever since the people of the United States threw off all subjection to the British Crown, the privilege and trust of suffrage have belonged to the several States, and have been granted, regulated, and controlled exclusively by the political power of each State respectively, and that any attempt by Congress, on any pretext whatever, to deprive any State of this right, or to interfere with its exercise, is a flagrant usurpation of power which can find no warrant in the Constitution; and it sanctioned by the people will subvert our form of government, and can only end in a single centralized and consolidated Government, in which the separate existence of the States will be entirely absorbed, and an unqualified despotism be established in place of a federal union of co-equal States; and that we regard the reconstruction acts (so called) of Congress as usurpations, and unconstitutional, revolutionary, and void; that our soldiers and sailors, who carried the flag of our country to victory against a most gallant and determined foe, must ever be gratefully remembered, and all the guarantees given in their favor must be faithfully carried into execution.

That the public lands should be distributed as widely as possible among the people, and should be disposed of either under the pre emption or homestead laws, and sold in reasonable quantities, and to none but actual occupants, at the minimum price established by the Government. When grants of the public lands may be allowed necessary for the encouragement of important public improvements, the proceeds of the sale of such lands, and not the lands themselves, should be so applied.

That the President of the United States, Andrew Johnson, (applause,) in exercising the power of his high office in resisting the aggressions of Congress upon the constitutional rights of the States and the people, is entitled to the gratitude of the whole American people, and in behalf of the Democratic party we tender him our thanks for his patriotic efforts in that regard."
